7th Mechanized Division)

-2-

6	Subordinate units of the 18th Armored Division: Armored regiment, Gyöngyös, One battalion at Gyöngyös,
	one at Cegléd, and one at Jászberény, Armored, regiment, Szentes One battalion at Szentes, one
	at Karcag and one at Kalocsa.
	Motorized rifle regiment, Hatvan. One battalion at Hatvan, one at Soltvackert, and one at Nagykörös.
	Self-propelled artillery battalion, Cegled, allegedly belonging to a regiment ("mixed assault artillery") being formed at Aszod.
	Reconnaissance battalion, Gvöngvös (formerly at Tata),
	AAA battalion, Gyöngyön; Motorized engineer mattalion, Rackeve.
, 3	The former 2nd Rifle Division, has been transferred from Székesfehérvár to Veszprém. One of its rifle regiments is reported to be statjoued at Zirc.
≯• 3	The former 7th Rifle Division, has recently been transferred from Pécs to Kaposvár, where its headquarters is (temporarily?) located in the Turul Hotel. A tank battalion is also reported as located at Kaposvár (although this may be a mistake for Nagykanizsa).* Further, a rifle regiment is in the Zalka Mate caserne in Kaposvár, and an artillery regiment in the Zrinyi Miklós caserne.
•	The 55th AAA Regiment is reported at Kaposvár, in the artillery barracks; This includes a light battalion with 37-mm. and 57-mm. guns, and a medium battalion with 16 guns of 85-mm. calibre.
3.	A battalion of parachutists, is said to be provisionally located, at the Taszar airfield.
æ	Comment: some doubt on the subordination of units at Nagykanizsa to the 7th Mechanized Division, since the rest of the
	division is located so far away.
